

ALLERGY, ASTHMA & IMMUNOLOGY

Conditions We Treat for Children & Adults

Please carefully review the conditions listed below to ensure our team can support your or your child's diagnosis and treatment.

Mast Cell, MCA, or MCAS Conditions: We require a review of your chart/records for concerns related to these conditions to determine if we can see you. Our providers can treat patients with elevated serum tryptase levels greater than 11.4 ng/mL at baseline or during acute symptoms.

Diagnosis Grouping	Diagnosis
General Allergy	ABPA - Allergic Bronchopulmonary Aspergillosis
	Angioedema
	Conjunctivitis, Acute / Chronic
	Cough
	Hay fever / Nasal Allergy
	Hyper IGE / Elevated IGE
	Hypereosinophilia
	Nasal Polyps
	Sinusitis, Acute / Chronic
	Sun Allergy
	Sunscreen Allergy
	Swelling
	Vocal Chord Dysfunction
Anaphylaxis	Drug
	Exercise
	Food
	Unknown
Asthma	Asthma
Atopic Dermatitis / Eczema	Atopic Dermatitis / Eczema
Contact Dermatitis	Cosmetics, Drugs/Meds, Chemicals
	Metals
	Sunscreen
Eosinophilic Esophagitis (EOE)	Eosinophilic Esophagitis (EOE)
Environmental Allergy	Environmental Allergy
FPIES	FPIES
Food Allergy	Food Allergy
	Milk / Soy Protein Intolerance
	Oral Allergy Syndrome
	OIT (Oral Immunotherapy) Consult
	Xolair for FA Consult
Immunodeficiency	CVID
	DiGeorge Syndrome
	Hypogammaglobulinemia
	Low Antibody Levels
	Low Vaccine Titers
	Primary
	Secondary
	Recurrent Infections

Diagnosis Grouping	Diagnosis
Mast Cell Disease	Elevated Tryptase
	Mast Cell Activation Syndrome <i>*Chart review required</i>
	Mastocytoma
	Cutaneous Mastocytosis
	Systemic Mastocytosis
	Urticaria Pigmentosa
	Hereditary Alpha Tryptasemia (HAT)
	Suspected Mass Cell Disease <i>*Chart review required</i>
Medication Allergy	Aspirin / NSAID (including AERD)
	Contrast Dye/Iodine
	Drug - Other
	Local Anesthetics
	Antibiotic (Other)
	Antibiotic - PCN / Beta Lactam / Cephalosporin
	Vaccine Reaction
Rhinitis	Allergic Rhinitis
	Non-Allergic Rhinitis
	Seasonal Rhinitis
	Vasomotor
Stinging Insect Allergy	Stinging Insect Allergy
Urticaria (Hives)	Autoimmune
	Physical (Aquagenic, Cold-Induced, Delayed Pressure, Dermatographic, Solar, Vibratory)
	Unknown Cause
